AB 18-03 Racquet Courts – Painting of additional lines to the already dedicated Pickleball Court Clerk presented the request from the Pickleball participants to add additional lines on the already dedicated pickleball court. They have been placing duct tape on the court to add additional playing areas. When left in the heat the tape left residue as per the pictures on the court. The court was resurfaced less than two years ago. They stated it was easier to leave there said the residue will eventually wear off. Council asked Clerk to contact them and ask them to remove the residue before any consideration from the council as it has damaged the new surface. Council asked clerk to research the Resolution and investigate what type of tape would be allowed on the court. The pickleball group will need to have prior approval of any cleaning material prior to cleaning to make sure it will not damage surface from City staff. Council asked to give group a deadline of 2 weeks to remove the residue properly before consideration.

AB 18-04 Resolution 2018-001 Memo of Understanding between City of Donnelly and SISCRA Clerk presented the resolution that indicates that the City will be a sponsor for SISCRA to apply for grant funds from Idaho Parks & Recreation to complete ADA requirements in the park. <u>Motion by Davenport, 2nd by Stayton</u> to approve Resolution 2018-001 Memo of Understanding between the City and SISCRA. Motion carried.

Staff Reports:

Clerk report was included in packet and discussed. Clerk reported that Public Works was looking to add a snow pusher to the current backhoe to operate safely and that the operators of the red truck snow plow must have a CDL license to operate legally. Council asked Mayor to instruct Clerk to immediately take the truck out of service and restrict any use until a CDL license can be obtained by Public Works or the truck is sold. If need be the City will need to contract out snow removal if they are not able to do with backhoe and skid steer.

Davenport asked if we could see more speed limit signs in town to help slow down people. Halferty and Payette have become speed zones. Clerk will get some more ordered and public works will install. She also asked if the new apartment manager can come and introduce herself to the council. Clerk will contact her.

Mayor and Council requested clerk along with P&Z administrator to research changing density in the Commercial and Central Business district. Clerk will meet with Administrator and discuss further.

Mayor brought up Cell Tower contracts and how the City could benefit from getting an 3rd party contract review to make sure that if the Cell Tower is approved the City is not falling short. Clerk will research a few contract representatives.

Adjourn @ 7:04 pm:

Motion by Davenport, 2nd by Stayton to adjourn until the next City Council meeting on November 20, 2017 at 6:00 p.m. Motion Carried.

Approved:
